

Follow Me to Kindermusik

As a trained and licensed local Kindermusik educator, I love bringing the world of Kindermusik to *our* community. Each week in my Kindermusik studio, I lead music classes for families filled with singing, dancing, laughing, instrument playing, and storytelling—all backed by Kindermusik International’s team of early childhood music experts and the latest research on how children learn best. In addition, I partner with parents to support their role as a child’s first and best teacher by providing tools, tips, and resources to understand how (and why) to use music and movement throughout the week.

With more than 35 years of experience as the leader in musical learning, Kindermusik International understands music’s unique ability to impact children (and families) in profound ways. Across private studios, public schools, and childcare centers in over 70 countries, children, parents, and teachers enjoy participating in Kindermusik’s fun, developmentally specific, and research-based music and movement classes. Parents also appreciate how enrollment in Kindermusik includes home materials, including their favorite songs, stories, and learning activities from class, so families can “play” Kindermusik wherever they go.

Come experience for yourself why more than 2 million families in over 70 countries love Kindermusik. Try a free class in my studio today!
